

INTRODUCTION

Al-Otaishan Trading was launched with the aim to import advanced technology to the Kingdom, introducing the consumers with latest products and services, furthermore if the products and services have a good potential even go into local production leading to transfer of technology. Al-Otaishan Trading works with global partners in diverse fields with the intention to bring the best. Today, it has become one of the leaders in trading in the fields of logistics, petrochemicals, Oil & Gas, industrial services, and IT to mention a few other than travel and tourism.

Through its journey Al-Otaishan Trading has been recognized, appreciated and rewarded for innovative technology transfer and services to the Kingdom.

OUR PARTNERS

SCHMIDT , Germany

The SCHMIDT family business has developed into a leading service provider for bulk logistics throughout Europe. 2,500 employees at 49 locations worldwide provide extensive one-source service for customers and clients when transporting, storing and handling bulk goods. In addition, the SCHMIDT Group is active in the construction of logistics facilities for free-flowing bulk goods. Every day, the SCHMIDT Group processes more than 1000 transport orders. Plus, stock orders and customer-specific specialty orders. Our very own state-of-the-art freight-forwarding software supports users from various participating fields.

JV between Schmidt and Al-Otaishan shall create a state-of-the-art Petrochemical Logistics facility in Jubail spread over 50,000sqm providing 22,000pallet positions and a throughput of over 400 TEUS. Once operational would include silos for bulk storage, packing line and palletized storage along with an integrated distribution network.
